Attorney Jeffery M. Leving

This father's ordeal began when he learned, to his utter shock, that his own son had filed a petition for an order of protection against him. Imagine the heartbreak, the confusion, and the tears. Words can hardly capture the depth of his pain—stunned, devastated, incensed, and scared only begin to describe it.

Fearing the worst, this father immediately called Attorney Jeffery Leving. Leving assured dad that his team would fight to protect him.

The Leving legal team entered the courtroom determined to fight for this dad, win, and restore his peace of mind. They presented the facts clearly, demonstrating that there was no evidence to support any of the accusations against him. They won. The judge denied the petition for an order of protection, finding that the adverse party had failed to prove any of the claims brought before the court.

This victory was more than just a legal win—it was a lifeline. The Leving team didn't just clear this father's name; they gave him back his sense of security, his hope, and his future. Now, the son cannot seek another order of protection against his father based on these same accusations. Dad's nightmare is finally over.
